Promeric Technologies Inc. launches exciting new partnership with Momentuum to create an integrated experience for Canadian recovery professionals

LONDON, Ontario, Canada, December 2, 2015 — Promeric Technologies Inc., a subsidiary of FCT, has entered into an exciting partnership with Momentuum, a leading provider of purpose-built SaaS Solutions. The two companies will combine their expertise to develop integrated products that span the recovery lifecycle for recovery professionals in Canada.

Amanda Calvert, Vice-President, Promeric Technologies Inc., explains Promeric’s newest partnership:

“At Promeric, we are constantly seeking new ways to innovate and provide value to the Canadian financial restructuring industry. Through our partnership with Momentuum, we will increase the speed to market of products related to estate management; consumer proposal and bankruptcy solutions; and customer relationship management, at the same time ensuring complete alignment with the goals and objectives of the trustee community.

“Alongside Momentuum, we will transform the recovery process by facilitating additional automation and electronic integration with the key players in the industry, including lenders, Office of the Superintendent of Bankruptcy (OSB), credit bureaus, etc. We will be able to offer our customers a simpler, faster process while maintaining superior security levels. Working with Momentuum will give Promeric and its customers that all-important edge.”

John Arcuri, CEO of Momentuum, elaborates on the partnership and what it means to Canadian recovery professionals:

“At Momentuum, we continuously challenge ourselves to deliver solutions that help financial restructuring firms drive both their top- and bottom-line results, while enhancing their overall internal working environments and improving their clients’ customer service experience. We are excited about the opportunity to work with Promeric to find innovative ways to automate and digitize file intake, OSB filing, payments, claims, taxes and statements, all the while enhancing ongoing customer communication and correspondence.”
