Home Protection Plan - Terms and Conditions

Subject to the exclusions and limitations set hereunder, Your Home Protection Plan includes a warranty to repair or replace one or more of the Covered Items below, up to an aggregate maximum of \$20,000, if the defect or malfunction occurs during the coverage period or was not identified and excluded by FCT as indicated on the Warranty Certificate. A claim under this warranty on certain Covered Items may be subject to a \$500 contribution on Your part, as further described in Section 4 (Other Conditions and Stipulations) below. You may make multiple claims on these items provided the total sum paid under this warranty for its duration does not exceed \$20,000.

Definition of Terms

The following terms when used in this document mean:

“Company”: First Canadian Title Company Limited

“Covered Items”: the four major systems of Your Home covered by the standard warranty: heating; cooling; roof; foundation, subject to the limitations and exclusions hereunder.

“Home Protection Plan”: the applicable warranty coverage provided by the Company

“Home”: the building referred to in the Inspection Report.

“Inspection Report”: the report that was completed by the Home Inspector at the conclusion of the inspection of the Home.

“Terms and Conditions”: the terms, conditions, limitations, and exclusions set out in this warranty.

“You/Your”: the person who is on title to the Home.

1. HEATING

What is covered?	When is it excluded?
<p>The repair or replacement of the major components of the systems used to heat Your Home as a result of significant failure, which includes only the following heating systems:</p> <ul style="list-style-type: none"> ✓ Heat pumps (but not including heating via geothermal system types) ✓ Hot water boilers ✓ Gas, electrical or oil-fired forced-air furnaces ✓ Baseboard heaters (where they provide the main heating for the Home) <p>Claim must be a minimum of \$500 One unit per property is covered, there is a fee of \$50 for each additional qualifying unit.</p>	<ul style="list-style-type: none"> × The Heating System in the home is 15 years or older. × The Heating System was able to be tested and is not working. × The heating pump system in the home is comprised of underground or outside components and piping for geothermal and/or water source heat pumps, well pumps and well pump components for geothermal and/or water source heat pumps.

2. COOLING

What is covered?	When is it excluded?
<p>The repair or replacement of the major components of the systems used to cool your home as a result of significant failure, which includes only the following Cooling Systems:</p> <ul style="list-style-type: none"> ✓ Central air conditioning systems (but not including cooling via geothermal system types or window units) ✓ Ductless (mini-split) systems <p>Claim must be a minimum of \$500 One unit per property is covered, there is a fee of \$50 for each additional qualifying unit</p>	<ul style="list-style-type: none"> × The Cooling System in the home is 15 years or older. × The Cooling System was able to be tested and is not working. × The Cooling System in the house is comprised of underground or outside piping and components for geothermal and/or water source heat pumps or window cooling units.

3. ROOF

The exclusion criteria listed is not exhaustive and it is within the discretion of FCT to decline, limit or modify coverage, at the time of underwriting, for reasons other than those explicitly stated.

Exclusions

The following matters are expressly excluded from the coverage of this warranty and the Company will not pay the loss or damage, costs, legal fees or expenses, which arise by reason of:

- Repairs or replacements of Covered Items required as a result of missing parts, fire, flood, smoke, lightning, hail, freezing, earthquake, theft, storms, accidents, mud, war, riots, vandalism, improper installation, acts of God, damage from pests, lack of capacity, damage, misuse, abuse or mistreatment by the occupants of the Home.
- Failure of Covered Items not due to the normal wear and tear, including repairs or replacements required as a result of Your failure to undertake cleaning and routine maintenance.
- Repairs or replacements required that are created, allowed or agreed to by You. This would include, but not limited to renovations undertaken by You after the inspection of the home i.e. excavation around the perimeter of the Home as a part of a landscaping project that creates a foundation issue, structural alterations that involve the roof or relocation of heating and Cooling Systems etc. These examples illustrate the shift from an agreed upon risk profile of the Items at the time of the Inspection Report to circumstances that are materially different and therefore potentially of greater risk post inspection.
- Cosmetic defects.
- Consequential, incidental and/or secondary damage or loss resulting from the malfunction of any Covered Item, including but not limited to, personal and/or property damage, additional living expenses, utility bills or loss of income.
- Periodic maintenance of a roof.
- Any damage caused to the contents of the Home and/or cosmetic repairs.
- Any Home which is not a single family residential property or containing more than two (2) dwelling units.
- Any condominiums.
- Repairs arising from a manufacturer's recall of Covered Items, manufacturer's defects or for items covered under an existing manufacturer's, distributor's or in-home warranty. The Covered Items must be domestic or commercial grade and specified by the manufacturer for residential use.
- New systems or additions to the Home made after completion of the Inspection Report.
- Repairs or replacements necessitated by hazardous or toxic materials, including mold, mildew, bio-organic growth, rot, fungus or pest damage.
- Buildings on the property that are not attached to the Home.

Other Conditions and Stipulations

Any claim made by You for repairs or replacement related to the heating or cooling System may be subject to a \$500 contribution on Your part.

The intent is to ensure that the Company is covering a significant repair or replacement. In other words, You will be responsible for repairs or replacement of these items if the total cost at any one time is \$500. For example, if the furnace breaks down and the ignition switch needs replacing at a total cost of \$350 (inclusive of parts, labor, and tax), then that would be Your responsibility, not that of the Company. But if the cost came to \$750 then the Company would be responsible for the full amount. Costs to diagnose or prepare quotes related to an issue or issues shall not be included as part of the total cost. In other words, if the total cost is \$350 (as per the example above) but there is a charge for diagnostics and quote preparation that is \$150, You will still be responsible for the full \$500.

The Company will determine whether a Covered Item will be repaired or replaced. In the event a Covered Item is being replaced, the replacement materials will be of similar features, efficiency, and capacity as the Covered Item in the home as described in the Inspection Report.

If You have other coverage through a manufacturer, distributor, builder in the nature of warranties or any contracts of insurance for the Covered Items noted hereunder, You will first obtain coverage under those warranties or contracts of insurance prior to making a claim with the Company and You shall provide proof of doing so. The Company will not cover routine maintenance. You are responsible for cleaning and routine maintenance as specified by the manufacturer of the Covered Items.

You are only covered for the Items noted on your Warranty Certificate.

Timing and Duration of Warranty

Your warranty begins on the Start Date indicated on your Warranty Certificate and remains in force for eighteen (18) months. You must notify the Company of any claim during the duration of this warranty.

How to Make a Claim

- A claim must be received prior to the expiry of the eighteen (18) month period or You will have no coverage available under this warranty.
- You must notify the Company promptly of any claim and obtain the Company's approval before any repairs or replacements are commenced. The Company acknowledges that certain severe conditions constitute an emergency situation. An emergency is defined as an urgent issue with a covered item that, if not attended to immediately, would likely result in imminent and substantial damage to the home, or would likely represent an imminent and substantial risk to the health and safety of its occupants. Outside of emergency situations, however, You must adhere to the claims process set out herein. Failure to do so could prejudice your claim, including You having no coverage for unauthorized repairs. Please call 1.855.640.1832.
- You must obtain at least two (2) quotes for the cost of repair and/or replacement of the Covered Item from reputable contractors that specifically outlines the nature of the problem, whether repair or replacement is necessary and the total cost. The Company may require a claims adjudicator/adjuster to assess the Item related to the claim at Your Home.
- The Company will determine whether the approved claim will be paid by the Company to the contractor who completes the repair or replacement or directly to You. The payment will be limited to reasonable and customary charges for the repair or replacement.
- You will be required to sign a release prior to the Company making a payment to You on a claim under this warranty.
- You will be required to pay the contribution (if applicable) or any costs that exceed the aggregate maximum coverage amount, if applicable, as set out above.

- The repair or replacement must be completed within thirty (30) days of the Company's approval to make the repair and/or replacement.
- The Company reserves the right to require proof of the repair or replacement has been completed.
- The Company reserves the right to use the information gathered during the claims process for the purpose of investigating and administering claims, to assess the issues associated with this warranty, to develop, enhance, market or provide products and services and to meet legal and regulatory requirements.

Our Right To Cancel

The Company may cancel this warranty for the reason(s) outlined below. Such notice of cancellation may be communicated to You in writing or electronically.

- Failure to pay: When You have not paid the premium, or any installment of the premium, when due, We may cancel this warranty and backdate the cancellation to the start date. We will provide notice 30 days (electronic notice shall suffice) in advance of our cancellation action.

Your Right To Cancel

You must ask to cancel this coverage in writing by mail or email. Written request of cancellation must be received within 90 days of the coverage start date (claim free) to cancel without financial obligation. In the event that you notify us to cancel within that period, we will refund the premium we have collected from you, minus an administrative fee.

Determination, Extent of, and Limitation of Liability

- This warranty is the entire warranty and contract between the Company and You. In interpreting any provision here under this warranty will be construed as whole.
- Any claim of loss or damage by You against the Company, whether or not based on negligence, and which arises out of Your use of Home Protection Solutions shall be restricted to this warranty.

- The liability of the Company shall not exceed the amounts applicable to each Covered Item or the aggregate maximum coverage amount set out on the first page of this warranty.
- The Company will not be liable for any loss or damage to You for any liability You voluntarily assume in settling any claim or suit without the proper written consent of the Company.
- If the company is prejudiced by Your failure to provide any information required with respect to the claim, our obligation to You will cease.
- Your rights as a warranty holder and payments to you may be affected by the administration and enforcement of economic embargoes and trade sanctions applicable to you under the Company's compliance with the Office of Foreign Assets Control (OFAC) of the US Department of Treasury and the Office of Superintendent of Financial Institutions (OSFI). If the Company determines that You are on a prohibited list or are connected to a sanctioned country, entity or individual, or a prohibited activity as designed by the relevant OFAC and OFSI directives, the Company may be required to stop payment of any funds to You or cancel this warranty coverage.
- Any payments made by the Company under this warranty shall reduce the aggregate maximum coverage amount of the warranty accordingly.

Entire Agreement

These Terms and Conditions are amended from time to time, shall constitute the entire agreement between the parties with respect to the subject matter of this warranty and cancels and supersedes any other understandings and agreements between the parties with respect to such subject matter, whether written or oral, and whether made prior to or during the term of this warranty. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, between the parties other than as expressly set out in this warranty.

Waivers

No waiver of any right or obligation or any remedy for breach of any provision of these Terms and Conditions will be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided, will be limited to the specific right, obligation or breach waived. The failure of any party at any time to require performance by the other party of any provision of these Terms and Conditions will not affect in any way the full right to require such performance at any subsequent time; nor will a waiver by any party of a breach of any provision of these Terms and Conditions be taken or held to be a waiver of the provision itself.
